Blue Cross and Blue Shield of Louisiana requires that participating providers enroll in our electronic funds transfer (EFT) service. EFT allows providers to receive payment electronically directly into their accounts. You can complete the EFT Enrollment Form at www.lablue.com/providers >Resources. The following information should help you complete the form.

1 CONSENT

The consent legally allows Louisiana Blue to electronically transfer funds to your financial account. The provision for Louisiana Blue to deduct funds applies when an erroneous credit occurs to a financial account resulting, for example, from a banking error.

Street Address – The number and street name where a person or organization can be found

City – City associated with provider address field

State/Province – The two-character code associated with the State/Province/Region of the applicable country

The NPI is a unique identification number for covered healthcare providers. Covered healthcare providers and all health plans and healthcare clearinghouses must use the NPIs in the administrative and financial transactions adopted by HIPAA. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about healthcare providers, such as the state in which they live or their medical specialty. The NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions.
